The definitive collection of pre-designed stairs for Australian homes.

S&A Stairs

ISSUE 02 DEC 2024

S&A Stairs

100 Years,
Australian Made.

We've had a single minded vision of building the world's best stairs, since we opened our doors in South Yarra, 1920. Today, we're a fourth generation family business who is obsessed with the craft. We combine the latest robotics and machinery with handcrafted skills that have been passed down through generations of our family - with more than 250 staff across Victoria, New South Wales, Queensland & South Australia.

We're focused obsessively on quality. Giving you the most comprehensive range of stairs in the country. Designed by Australia's leading architects and designers.

Introducing *Styles*

How do you specify a beautiful stair without having to know all of the technical detail?

The Answer is ***Styles***. Our collection of architecturally pre-designed stairs, with live pricing and visualisation.

Classic

There's a timelessness to classic style. Mouldings, decorative balustrades and materiality that won't date. Drawing from Victorian & Edwardian era architecture.

Contemporary

Contemporary Australian homes celebrate simplicity. Materials and finishes that don't fight the landscape or crowd the eye. Glass, steel, timber and concealed fixings.

Palm Springs

Taking it back to where modernism began. Our Palm Springs collection is fun and bright, full of curved balustrades, feature steps and landings, with balustrades that pop.

Urban

Our Urban collection aims to soften gritty urban streetscapes and interior textures. We don't always get much room for natural light and garden in the city. So our collection of open stairs and simple glass balustrades are designed to make spaces feel bigger and brighter.
